HOW TO CREATE AND USE A

DIGITAL AVATAR

Images to represent *'you'* in digital spaces

❑ FIRST
access one of many free avatar generators

- Dopple Me - http://doppelme.com/create/#

- Bitmoji - https://www.bitmoji.com/

- Avatar Maker - http://www.theavatarmaker.com/

- Anime - http://avachara.com/avatar/

- Marvel - http://www.marvelkids.com/create-your-own-super-hero

Explore each one as you create a variety of avatars. Screenshot or screen capture to save as you go.

Selecting Dopple Me is an easy option. Follow each of the steps to create a free avatar. Select gender, skin colour, eye colour and 'next'.

Home **Create** **Sign In** **FAQ**

gender   male ⦿ female ◯

- Blush
- Eyeshadow
- Lipstick
- Glasses
- Headwear
- Hair accessories

THEN select
- Build
- Chest size
- Outfit
- √ SAVE AVATAR

Anime style

Don't feel limited to one style of avatar. Creating an anime style avatar also provides additional physical characteristics

Anime   Style

Take a screen shot or screen capture to save your image.

Marvel Comic Superhero Style

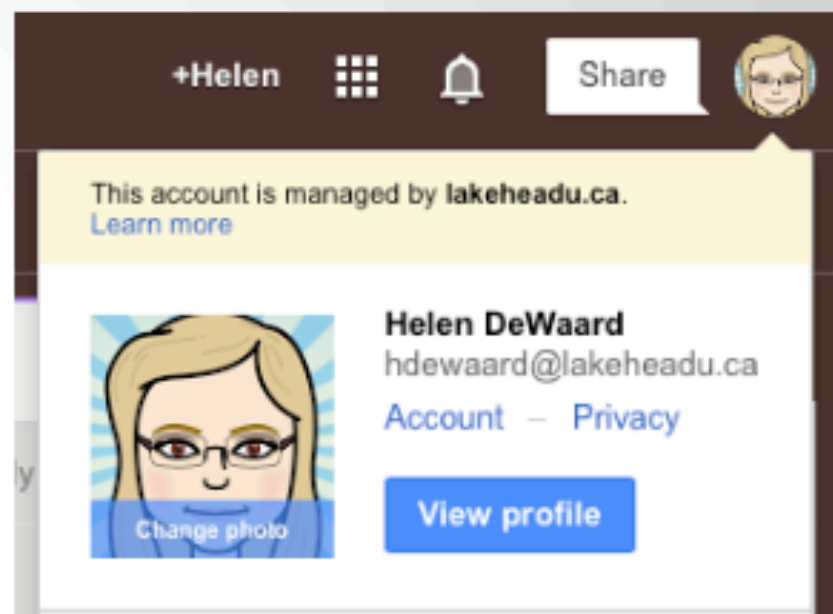

Marvel Superhero avatar

Marvel comics provide some limitations to creating a 'superhero' avatar, but may interest those who have a 'hero within'.

Take a screen shot or screen capture to save your image.

NOW - add your saved image to your email and D2L profiles

Select the location in the top right corner of your email. Click on the 'change photo' option. A new window will open.

You can select to upload or take an image using a web cam. Then select 'set as profile photo'.

Select profile photo
